what I want to do

I'M SORRY THAT I HAD TO PASS IT ON TO YOU LIKE THIS, BUT
I DIDN'T DO IT ON PURPOSE
I PASSED IT ON WITHOUT ME KNOWING
BUT I BELIEVE THAT YOU WERE THE RIGHT PERSON TO GIVE IT TO

BUT LIKE NOW AND ALSO IN THE FUTURE
IF MANHYUN-SSI WANTS TO USE POWER, YOU ARE FREE TO USE IT ON WHATEVER YOU WANT
HOWEVER, IF YOU DON'T HAVE MONEY AT THAT TIME,

*Note: The subtle, not to be overlooked, PR of Ha Ri Ra into Eden's expectation of her!

what the

I should make a rice cake shop right next to this place

TAKE THIS FIRST
IF YOU NEED EXPENSES, YOU CAN COME HERE AND GET SOME MORE
OR TEXT ME
YOU MIGHT NEED IT FOR SOMETHING OTHER THAN FOR YOUR POWERS
I'LL SEND IT TO YOU RIGHT AWAY
LIKE IF YOU FALL...

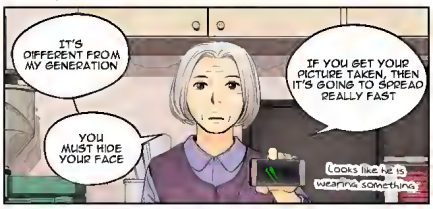
SUPER HEROES!
THERE'S A LOT OF CLICHÉS
Sigh...
Stop the nonsense and save MMR the Earth!
FOR EXAMPLE... GETTING RECRUITED BY A MMA ORGANIZATION
FIGHTING OUT THAT THEY WERE ACTUALLY A DIFFERENT WARRIOR RACE
GETTING KIDNAPPED BY AN EVIL GROUP AND RE-FASHIONED INTO DISTINGUISHED POWERS
BECOMING A WARRIOR FOR AN ALIEN ORGANIZATION BY THEIR TECHNOLOGY

The person in front of you
In her late 20s
Got requested by a lady who owns a rice cake shop to become a hero
LIKE IN JAPANESE NINJA TELLY DOTONBORI, THERE'S A GUY CALLED TAKESHI KAGE WHO CONTROLS THEM.

look at this guy

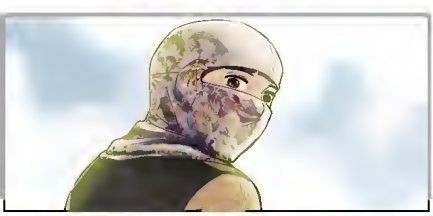
Our shop does do chubs... But we mainly do billboards
Not chubs but billboards
Why it's not chubs
But billboards
BILLBOARDS
IS THIS IMPORTANT?

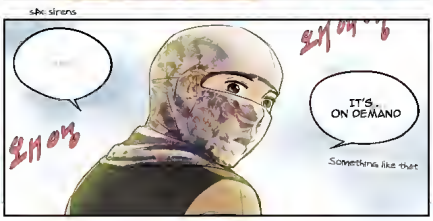
everything black is a no



IT'S DIFFERENT FROM MY GENERATION
YOU MUST HIDE YOUR FACE
IF YOU GET YOUR PICTURE TAKEN, THEN IT'S GOING TO SPREAD REALLY FAST
Looks like he is wearing something

there's a lot these days



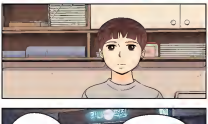


that's a no then

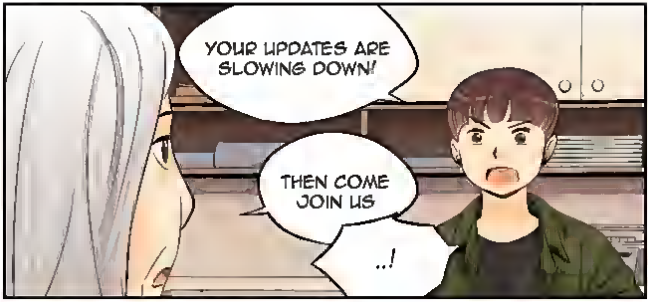
~It was filmed by another driver. The line was blocked by a car accident leaving no space for the ambulance to go through~
There's no space for cars to leave
People started to push the car.
Then right now~

because you're my sponsor

just



credits



wtf is a tetrapod?

A tetrapod is a tetrahedral concrete structure used as armour unit on breakwaters A tetrapod's shape is designed to dissipate the force of incoming waves by allowing water to flow around rather than against it,

-Wikipedia
